

Gifted and Talented Education @

Term 1, 2010

Challenge your gifted and talented students

During Term 1 we will be running hands-on Science and Technology programmes for gifted and talented students in Years 5-6 and Years 7-8. These lessons are aimed at extending students' creativity, problem solving, cooperative and ICT skills.

Book in one or more students for one or more sessions! Or, book your very own session with 12 or more students.

Date	Year	Class
<i>Week 2:</i> 9 February	5/6	Lego Spirograph Use Lego gears and motors to create geometric Spirograph patterns.
<i>Week 3:</i> 16 February	7/8	
<i>Week 4:</i> 23 February	5/6	Rock the Cosmos Explore the rock planets, moons, and dwarf planets in our solar system using Celestia.
<i>Week 5:</i> 2 March	7/8	
<i>Week 6:</i> 9 March	5/6	Sweet Energy Investigate various types of natural sugar and their importance in our diet.
<i>Week 7:</i> 16 March	7/8	
<i>Week 8:</i> 23 March	5/6	Triple Sensing Use a combination of light, sound and sonar sensors with NXT robots to complete a series of challenges.
<i>Week 9:</i> 30 March	7/8	

Bookings are essential and spaces are limited so be in quick!
